Figure 4-10 illustrates the decomposition of a relation R into smaller relations. The diagram shows a tree structure where R is decomposed into R_1 and R_2 . R_1 is further decomposed into R_{11} and R_{12} , and R_2 is decomposed into R_{21} and R_{22} . R_{11} is decomposed into R_{111} and R_{112} , R_{12} into R_{121} and R_{122} , R_{21} into R_{211} and R_{212} , and R_{22} into R_{221} and R_{222} . The diagram shows the hierarchical decomposition of a relation into smaller relations.
